Page 4	Redacted quotations from Exhibit 2 on lines 6-11.	The PBM Defendants maintain redacted portions of this brief should remain under seal because they discuss or quote terms of a highly confidential contract that contains the competitively sensitive commercial proprietary information of the PBM Defendants.	Allowing this competitively sensitive commercial information to become public would cause the PBM Defendants significant competitive harm, including by giving prospective experts and consultants a significant and unfair competitive advantage in contract negotiations.	The redactions to the subject document are narrowly tailored to protect only confidential information.	No opposition.
